

About Us

The Law Office of Borrelli & Associates, P.L.L.C. is an aggressive and dynamic law firm with specific expertise and experience in Employment Law. Our primary purpose is the protection of worker's rights in the face of wrongful termination, harassment, unfair treatment, discrimination or other conduct which may lead to an adverse employment action such as being fired, demoted or transferred.

Our legal team is made up of real people who go to work everyday, just like you, and who have a collective desire to help fight against the power that many companies and corporations possess and abuse. Companies, especially large companies, tend to feel that every employee is replaceable. All employees, while they may be replaceable, are also people with bills to pay and mouths to feed and all employees deserve to be treated equally and to be treated leagally. We provide efficient and responsive legal services, bringing to bear a broad pool of legal experience. We represent clients in virtually every context: federal court; state court, county and municipal courts statewide; appellate courts and federal, state and city administrative agencies. We also engage frequently in alternative dispute resolution forums such as arbitration and mediation.

It is important for each one of our clients to feel as if they are our only client and to maintain close personal relationships. We offer each client devoted care and personal attention regardless of the matter. Each client will have unlimited access to a staff attorney who will guide them through the legal process from case inception to resolution while providing both legal counsel and support. Unlike many large firms, we return calls promptly and we give the people that we represent personal attention and service. Difficulties at work can cause problems for a person, not only at work but in all aspects of their lives as well. Many of us see our coworkers and bosses more than we see our spouses and family.

We are aware of the hardship that can occur when an employee is mistreated at work. Your workplace should not be a hostile place and you should not be afraid to go to work. There should be no illegal harassment or discrimination. We can provide you with answers to questions you may have about your workplace. Contact us today to schedule a consultation. We maintain offices in Carle Place, Long Island and in New York City in the Empire State Building. Consultations can also be arranged in our Brooklyn satellite office.
